## Full Stack Developer

Bhopal | ritikprajapati2704@gmail.com | +91 7970103076 | Portfolio | LinkedIn | GitHub

### Profile

---

Full Stack Developer with a strong foundation in JavaScript and mobile-app development. Skilled in building scalable apps, integrating REST APIs using Node.js and MongoDB, and creating responsive UIs with real-time features. Thrive in agile teams, passionate about clean code, learning, and user-first design.

### Experience

---

**React Native Developer**, Medorn Ventures Pvt. Ltd. – Bhopal Aug 2024 – Present

- Engineered and maintained cross-platform mobile apps with focus on UI responsiveness, performance, and ERP/logistics use cases.
- Enhanced app structure using Redux and Context API, improving state management and user experience.
- Integrated RESTful APIs for secure data synchronization, reliable communication, and structured error handling across mobile platforms.

### Projects

---

**SHIPPIEN (MOBILE APP)** Aug 2024 – Dec 2024

- Developed a logistics app enabling users to manage jobs and vehicles across various roles.
- Created responsive, animated components to improve user engagement and cross-device compatibility.
- Developed job marketplace functionality with dynamic listing updates, allowing seamless job posting and interaction for logistics roles.
- Tech Stack:** React Native, Node.js, Express, MongoDB

**MEDORN ERP (MOBILE APP)** Jan 2025 – Present

- Led end-to-end development of ERP modules, improving operational efficiency and daily workflows.
- Delivered UI/UX enhancements and handled app releases, ensuring quality and timely delivery.
- Authored technical documentation and reusable code to facilitate onboarding and reduce development effort.
- Tech Stack:** React Native, Node.js, Express, MongoDB

**WORKNEST (WEB APP)** Jan 2025 – Feb 2025

- Developed a secure, role-based project management system with task assignment, tracking, and access control.
- Integrated real-time notifications, attachments, and workflow status logic to streamline team collaboration.
- Tech Stack:** React, Tailwind CSS, Node.js, Express, MongoDB

### Achievements

---

**Process Optimization:** Streamlined version control and modular architecture, reducing merge conflicts by 40% and accelerating feature delivery cycles.

**Codebase Quality:** Refactored legacy components into reusable modules, improving maintainability and reducing future onboarding time.

### Technologies

---

**Technologies:** JavaScript, Node.js, Express.js, MongoDB, React, React Native, Redux, GSAP, Framer Motion, Tailwind CSS, SASS, Bootstrap

**Tools:** Git, GitHub

### Education

---

**Bachelor of Technology in CSE**, Sage University, Bhopal (2020–2024)

**Higher Secondary (PCM – 85.4%)**, Suraj Premier Convent H.S. School, Bhopal (2020)
